

Popular Annual Financial Report

For the Fiscal Year Ended June 30, 2023

EMPLOYEES' RETIREMENT SYSTEM

The Maryland-National Capital Park and Planning Commission

POPULAR ANNUAL FINANCIAL REPORT

For the Fiscal Year Ended June 30, 2023

This Popular Annual Financial Report summarizes the Maryland-National Capital Park and Planning Commission (“Commission”) Employees’ Retirement System’s (ERS) more detailed 2023 Annual Comprehensive Financial Report (ACFR) which is prepared in conformity with generally accepted accounting principles. The ACFR provides in-depth information about the financial, investment, and actuarial aspects of the ERS.

The ACFR is available online at

<https://www.mncppc.org/DocumentCenter/View/23041/2023-ACFR-Final> or at the ERS office.

About the Employees’ Retirement System

The Commission is a body corporate of the State of Maryland, established by the Maryland General Assembly in 1927.

To provide its employees with financial security at retirement, on July 1, 1972 the Commission established the ERS, a single employer defined pension plan, in accordance with a Trust Agreement between the Commission and the ERS Board of Trustees (the “Board”). The Trust Agreement sets forth the powers, duties, and liabilities of the Board as they administer the Trust Fund from which members of the ERS receive retirement benefits. The Commission retains the power to amend or terminate the ERS but may not alter the powers of the Board without its consent.

The ERS consists of five defined benefit pension plans sponsored by the Commission for its employees. Three of the Plans, A, B, and D are closed, and two Plans, C and E, are open for park police and general employees, respectively. The ERS provides normal and early retirement benefits, spouse and children survivor benefits, active member death benefits, and post-retirement death benefits for its members.

The administrative operations of the ERS are the responsibility of the Executive Director and the staff who are employed by the Board.

Quality Customer Service
Accountability and Transparency
Professionalism and Respect
Trustworthiness and Stewardship

A LETTER TO OUR MEMBERS

Peter A. Shapiro
Chair

Andrea L. Rose
Executive Director

To Our Members, Retirees and Beneficiaries:

We are pleased to present the 2023 Popular Annual Financial Report (“Annual Report”) for the Maryland-National Capital Park and Planning Commission (“Commission”) Employees’ Retirement System (ERS). This Annual Report summarizes the more detailed Annual Comprehensive Financial Report (ACFR) which is available on the ERS Website, <http://ers.mncppc.org>. More important, this report provides key statistics to help you understand the financial health of the ERS and information on the programs and services available for members.

The results of our investment strategy and diversified portfolio led to a return of 7.3% for the fiscal year ended June 30, 2023. While the Board is pleased with the fiscal year return, long-term returns provide a more comprehensive look at the Board’s efforts to protect the assets and ensure a secure retirement for members. Investment performance has been strong with returns for the trailing 3-years, 5-years, and 10-years at 8.6%, 6.8%, and 7.1%, respectively, beating the median public fund¹ and exceeding the 6.7% actuarial target return. These returns have been achieved with relatively low risk compared to our peers and our funded ratio remains extremely strong at over 91% and places the ERS in the top tier among its peers.²

While this Annual Report demonstrates the financial fitness of the ERS and the security of member benefits, Staff are working on service improvements for our members including educational resources and tools to help them successfully plan for retirement. The launch of a new online self-service portal called MemberDirect is around the corner. MemberDirect provides Active Members secure access to personal retirement account information and the ability to generate benefit estimates. Efforts are also underway for a website redesign to improve security, functionality, content relevancy, and the member’s overall experience.

Improvements for members would not be possible without addressing succession planning to ensure critical staffing functions and program improvements have support. Our leadership team has two new faces with the additions of Jaclyn Harris, our new Deputy Executive Director, and Annette Silvestri, who was promoted from Senior Retirement Benefits Analyst to Member Relations Supervisor.

Rest assured that the Board and Staff understand their role in protecting your retirement security and providing you the resources to plan for a secure retirement. The Board will continue to closely monitor investment managers and consultants, while Staff continue to look for ways to improve services for members. We thank the Board members, consultants, and Staff who work tirelessly on your behalf to assure successful operation and oversight of the ERS.

Warm Regards,

Peter A. Shapiro
Chair, Board of Trustees

Andrea L. Rose
Executive Director

¹Wilshire Advisors Quarterly Executive Summary; June 30, 2023

²Cheiron Pension Actuarial Valuation; June 30, 2022

BOARD OF TRUSTEES

The Board is charged with the fiduciary responsibility for administering the benefits for the sole benefit of the members and beneficiaries of the ERS. The Board prudently invests the assets and manages the ERS with the objective of ensuring that sufficient assets will be available to fund the benefits when due.

The Board consists of 11 appointed and elected members. Trustees serve for three-year terms. Generally, the Board meets on the first Tuesday of every month, except August. Board meetings are open to all members and the public.

The Board of Trustees

(as of July 1, 2023)

Peter Shapiro, Chair

Prince George's County Commissioner
Term expires: 6/30/2025

James Hedrick, Vice-Chair

Montgomery County Commissioner
Term expires: 6/30/2026

Term expires: 6/30/2026

Gavin Cohen, CPA

Secretary-Treasurer
Ex-Officio

The administrative operations of the ERS are the responsibility of the Executive Director and staff employed by the Board. Current events and announcements regarding the ERS are posted on the ERS' website and in the Commission's monthly newsletter, *Update*.

MEMBER SERVICES & RESOURCES

The ERS is the Commission's primary retirement plan for its employees. The ERS is a defined benefit plan which means the benefit paid at retirement is a guaranteed benefit, based on salary and credited service. The benefits are not determined by employee contributions or investment earnings.

Detailed information regarding membership and retirement benefits can be found in the Summary Plan Description (SPD). SPDs are available for each plan and provide a detailed look at the benefit formula, eligibility requirements, contributions, credited service, and death benefits. SPDs can be found on the ERS' website <https://ers.mncppc.org>, along with other valuable information.

The ERS provides the resources below to help members plan for a secure retirement.

- Onsite Workshops
- One-on-One and Retirement Counseling (by appointment only)
- Annual Benefit Statement
- Popular Annual Financial Report
- Annual Comprehensive Financial Report
- Summary Plan Description
- Plan Document
- Articles published in the Commission's *Update* Newsletter - ERS Lifetimes
- Retirement Benefit Estimate
- **MemberDirect Portal - Coming Soon**

MemberDirect provides Active Members secure access to view account balance information, including years of credited service; view annual benefit statements; run benefits estimates; and communicate with ERS Staff and receive electronic notifications.

FUNDING SUMMARY

The funded ratio is a measure of a plan's health and is a gauge of progress in accumulating assets to pay the promised benefits. The funded ratio can change annually based on changes in liabilities, investment returns, actuarial assumptions, employee demographics, and more. Analysis of the trend overtime indicates whether the ERS is becoming stronger or weaker. The upwards trend since 2013 is a positive sign. The ERS' ability to provide benefits is strong and secure because the Commission has consistently funded the plan in both the good and bad years.

Valuation of Assets to Liabilities

as of July 1, (\$millions)

- Actuarial Value of Assets
- Actuarial Accrued Liability

% equals Funded Ratio

¹The actuarial value of assets is determined by a smoothing formula to eliminate short-term market fluctuations and will differ from the fair value of assets.

Schedule of Funding Progress

Actuarial Valuation Date	Actuarial Value of Assets (a)	Actuarial Accrued Liability (b)	Actuarial Accrued Unfunded Liability (b) - (a)	Funded Ratio % (a) / (b)
7/1/2013	690,539,998	831,199,592	140,659,594	83.08
7/1/2014	766,531,514	879,190,389	112,658,875	87.19

FINANCIAL SUMMARY

Net Position Growth

As of June 30,
(\$millions)

The amount accumulated to pay retirement benefits increased by \$42.6 million, or 4.0%, from \$1.06 billion in 2022 to \$1.10 billion in 2023 primarily due to a \$99.9 million increase in investment gains.

Employer and employee contributions as well as income from investments provide the reserves needed to pay retirement benefits, refund contributions, and administer the ERS.

Additions

For Fiscal Years Ended June 30
(\$thousands)

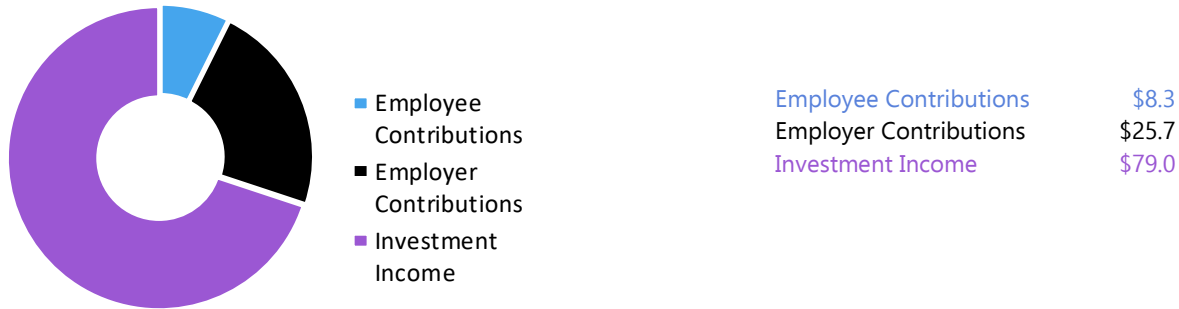

*Net of Fees

For fiscal year 2023, additions totaled \$113.0 million, an increase of \$99.9 million or 764.5%, from the prior year. During 2023 and 2022 the employer contributions were \$25.7 million and \$26.2 million, respectively. Employee contributions increased, by \$574,451, or 7.4%, due to a \$215,029 increase in purchase of service credits and \$359,422 in regular contributions driven by salary increases for active members. Investment income increased \$99.9 million due to investment gains.

FINANCIAL SUMMARY

Additions by Source

For Fiscal Year Ended June 30, 2023

The ERS was created for the principal purpose of providing retirement annuities and survivor benefits to qualified members and their beneficiaries. The cost of such programs includes recurring benefit payments, refunds of contributions to terminated employees, and the cost of administering the ERS.

Deductions

For Fiscal Years Ended June 30

(\$thousands)

For fiscal year 2023, deductions totaled \$70.4 million, an increase of \$5.7 million, or 8.9% from the prior year. As expected, benefit payments to retirees and beneficiaries were the primary deduction in 2023, totaling \$66.6 million. The increase in benefits payments for 2023 reflects the 1.8% increase in the average monthly benefit paid to retirees and beneficiaries and a cost-of-living adjustment of 3.8% for Tier I service and 2.5% for Tier II service effective July 1, 2022. Payments to members withdrawing contributions totaled \$1.2 million with the remaining \$2.6 million accounting for administrative expenses.

Deductions by Source (in thousands)

For Fiscal Year Ended June 30, 2023

- Benefit Payments
- Refunds of Contributions
- Administrative Expenses

94.6% of deductions were for benefit payments
1.7% of deductions were for refunds of contributions
3.7% of deductions were for administrative expenses

Benefit Payments by Type (in thousands)

For Fiscal Year Ended June 30, 2023

- Retirees
- Survivors
- Disability Benefits*

\$59,650 was paid to retirees
\$6,855 was paid to survivors
\$87 was paid for disability benefits

*Disability retirement benefits were prospectively discontinued on August 1, 1982

ASSET ALLOCATION

The Board oversees the ERS through a carefully planned and diversified investment portfolio. The Statement of Investment Policy outlines the ERS’ long-term objectives and investment diversification. A portfolio should be diversified at two levels: between asset classes and within asset classes. This diversification is called asset allocation.

Asset allocation involves dividing the portfolio among different asset classes such as equities, fixed income, and real assets. The goal is to balance the risk and return of the portfolio by including asset classes that move up and down under different market conditions.

Diversification within each asset class is accomplished using multiple investment managers. Each manager has a set of guidelines which outline the manager’s mission, objectives, benchmarks, authorized investments, and restrictions. Annually, the Board reviews each manager’s performance against these guidelines. Please refer to the Investment Manager Matrix on page 59 of the Annual Comprehensive Financial Report.

A new asset allocation policy was approved in April 2022 to add a dedicated allocation to emerging market debt and to reduce U.S. and International Equities. This new policy was fully implemented in fiscal year 2022.

Actual Asset Allocation vs. Target Policy

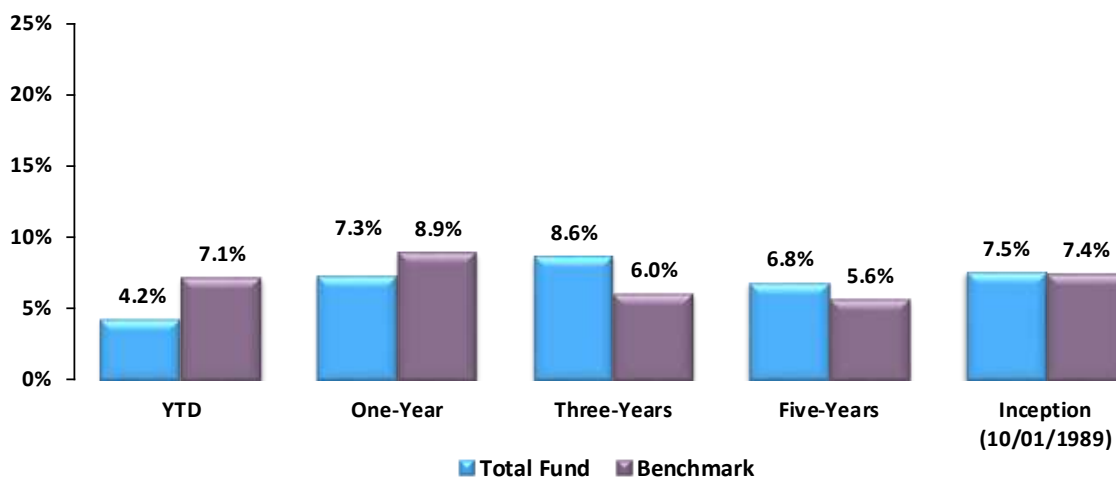

INVESTMENT PERFORMANCE

Investment returns are reported net of investment expenses, on an average annualized basis. The total fund is measured against a policy benchmark and asset classes are measured against a relevant broad market benchmark. Benchmarks are standards used to measure investment performance. The investment portfolio was valued at \$1.10 billion as of June 30, 2023.

Total Fund vs. Benchmark

As of June 30, 2023

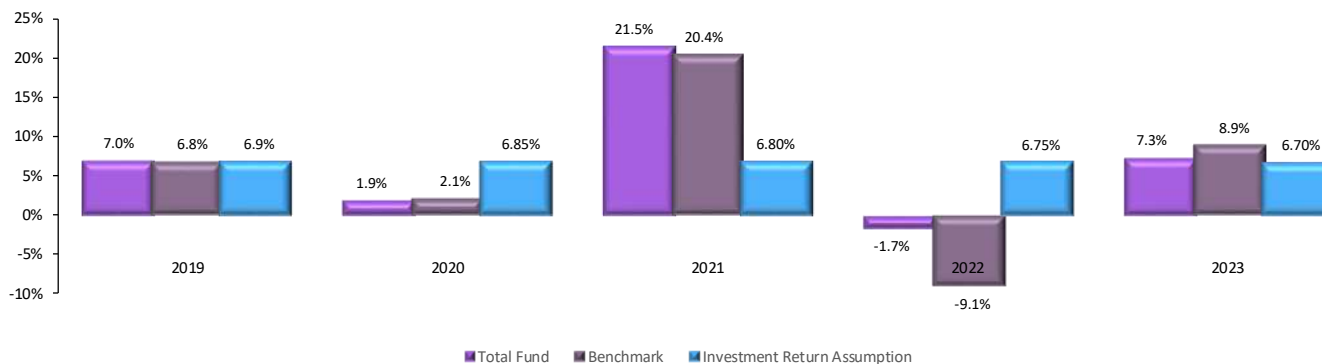

For the one-year ending June 30, 2023, the total fund returned 7.3% compared to the policy benchmark return of 8.9% and the assumed rate of return of 6.70%. Over the past one-year the plan’s public and private equities along with the fixed income portfolio posted positive returns, which attributed to strong absolute investment performance.

For the three-years, five-years, and since inception periods ending June 30, 2023, total portfolio returns were 8.6%, 6.8%, and 7.5%, respectively. Strong U.S. and Non-U.S. equity markets combined with a maturing private equity portfolio contributed to longer-term performance.

Total Fund vs. Benchmark and Investment Return Assumption¹

For Fiscal Years Ended June 30

This chart shows returns compared to the policy benchmark and investment return assumption for the last 5 years.

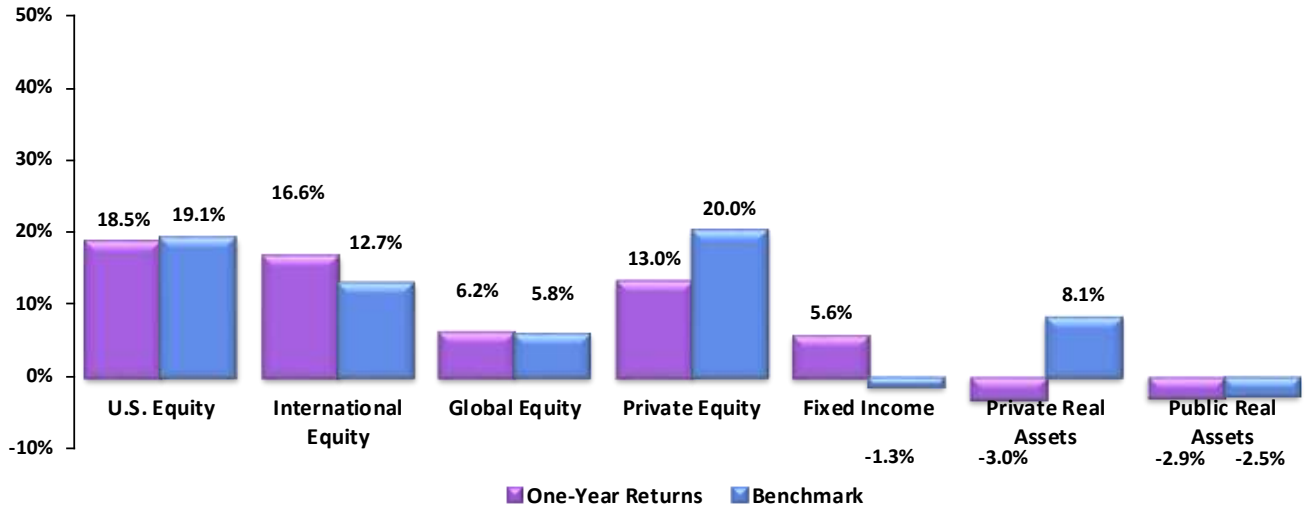

¹ The actuarially estimated rate used to adjust a series of future investment earnings to reflect the time value of money.

INVESTMENT PERFORMANCE

Awards for Excellence

The ERS received the Award for Outstanding Achievement in Popular Annual Financial Reporting from the Government Finance Officers Association for its 2022 Popular Annual Financial Report. This marks the 13th consecutive year the ERS has received this award.

For the last 18 years, the ERS earned the Public Pension Coordinating Council's award for Funding and Administration. The Public Pension Standards are intended to reflect minimum expectations for public retirement system management, administration, and funding. The Standards serve as a benchmark by which all public defined benefit plans should be measured.

This Popular Annual Financial Report ("Annual Report") is for informational purposes only and provides general information designed to educate employees and retirees about the Maryland-National Capital Park and Planning Commission ("Commission") Employees' Retirement System (ERS). The information found in this Annual Report should not serve as the sole or primary basis for making decisions regarding the financial, investment or funding status of the ERS. To the extent any term or figure in this Annual Report varies from the Plan Document or other governing documents, those pertinent documents will control, and the information provided in this Annual Report will not. The Plan Document and other governing documents, policies, and procedures may be modified or amended from time to time consistent with law and those amendments likewise will control. More generally, in all circumstances the governing documents, policies, and procedures, as amended from time to time, will control over any information provided by the ERS, the Commission or any agent or employee of the ERS or the Commission.
